

**ARIZONA STATE SENATE**  
*Fifty-Sixth Legislature, First Regular Session*

**AMENDED**  
FACT SHEET FOR S.B. 1596

polling places; public office spaces

Purpose

Requires a state, county, city, town or school district office to provide sufficient space for use as a polling place for an election when requested by the officer in charge of elections. Appropriates \$10 million from the state General Fund (state GF) in FY 2024 to the State Treasurer for disbursement to counties for additional personnel, equipment and other election-related costs incurred by the counties to implement the newly prescribed requirements relating to polling places.

Background

A county board of supervisors (county BOS) must establish a convenient number of election precincts in the county on or before October 1 each year preceding the general election. At least 20 days before an election the county BOS must designate one polling place within each precinct where the election will be held. The county BOS may authorize the use of voting centers in place of, or in addition to, designated polling centers. A public school must provide sufficient space for use as a polling place for any election when requested by the officer in charge of elections. The principal of the school may deny a request to provide space for use as a polling place within two weeks after the request was made. The principal must provide a written statement indicating a reason the election cannot be held in the school, including if the school does not have a sufficient amount of space or if the safety and welfare of children may be jeopardized ([A.R.S. § 16-411](#)).

S.B. 1596 appropriates \$10 million from the state GF in FY 2024 to the State Treasurer for disbursement to the counties.
